STATE PARK OPPOSITION GROWING

Selectmen, at their meeting of June 17, felt a premonition now growing among residents of the Holly Woods area concerning the proposed State Park for nature trail purposes. The core of that concern is trust and confidence in the stated word and purpose of the bureaucratic maze that makes up the Commonwealth of Massachusetts.

Robert Yaro, planner for the Department of Environmental Management, has on two occasions stated that "there is no beach" on the proposed property to be turned into the park. Mr. Yaro stated the purpose of this facility is to be nature trails and bay outlook because "there is no beach". The residents of the Holly Woods area express themselves as puzzled by this because, as they see the plan, two-thirds of their own beach is included in the proposal for the park as well as hundreds of yards of shore front which contains both sand and marsh grass which might well be called beach since it is readily accessible to the ocean.

Mr. Edward Hutchinson, President of the Pease's Point Improvement Association, said the residents of Pease's Point are very concerned about not being shown a complete plan for the proposed park. He said that at the time of the first meeting in May the federal grant had already been approved and he regretted that this fact was not made known then. He said that without a fence no control could be exercised over the movement of visitors and that with a fence animals could not move freely and

of all that plus the security they now feel regarding their children who now play unattended and enjoy the roads on their bikes.

Mr. Ken Pease in reinforcing this concern said that the whole concept of security that has been experienced to this day would change with the influx of strangers. He said the State Park would benefit residents very little and townspeople very little. He said Mattapoisett is well endowed with recreation spots of great beauty and that townspeople enjoy these facilities that now exist and so this proposal would appeal primarily to people outside the town.

Mr. William C. Hayes, summer resident of Pease's Point, outlined in detail the bureaucratic chain of command under which the Department of Environmental Management operates. Mr. Hayes, an attorney, said that the controlling bureau is charged under Commonwealth mandate to seek areas of recreation for the public by means of purchase, gift or eminent domain. Mr. Hayes pointed out that in the near future this could mean that, in order to justify the

expense of the park, the state could look to acquire a beach to add to it. He pointed out that the Boardman property abuts a large privately owned undeveloped property with a wide fine beach. He urged the Selectmen to check into every detail of the proposal.

The Selectmen explained that they had visited, on invitation of Mr. Yaro, the Borderland State Park in North Easton. Mr. Blasdale said that this park's Advisory Board had been open and frank with the Mattapoisett Board. They had stated, he said, that a park of this nature needs total support from the community because the State is always short of funds to maintain and staff the facility. They said that Borderland is staffed by only one full time

manager and 2 part time men (Borderland is 6 times larger than the proposed Boardman park area). They also said that it is necessary to lobby annually in Boston for funds to run the park. Mr. Blasdale said that Borderland is well run and kept to the environmental purpose with rough nature trails and picnic areas. The Selectmen were told that there are problems but with close community interest

they are taken care of.

Mr. Blasdale asked for a poll from those who would support a park. The poll was unanimous in opposition for the park plan.

He said that the Selectmen would review all aspects of the proposal - the application for federal funds, the agreement with the Boardman family, the reimbursement to the town in lieu of taxes and that this process should take about 2 weeks. Blasdale said that there is no alternative to the plan because any application by the town for federal funds would automatically require public access and therefore would be little

different from the present proposal. He said that there is little likelihood that the town would consider footing the entire bill (\$750,000).

Mrs. Dorothea Peirce presented the Board of Selectmen with a petition containing 141 signatures of residents opposed to the park concept. She said that, if necessary, she could obtain hundreds more.

The people present asked that they be notified of any future meeting on the Park project and were assured that they would.

Letter to the Editor

As vacant land, Goodspeed Island has been subject to much abuse over the years. It is littered with broken bottles, beer cans and other debris left over from all-night parties by people using the Island who should not be there. Unauthorized motorcycle and trail bike use and misuse of the old Railroad Way is becoming more frequent.

It could only be an improvement if the owner-taxpayers could use and occupy the Island. Residential use would be assured for the future and the Town would gain tax revenues. I do not know Mr. Mahoney or Mr. Abeel, but everything I hear about them, even from their opponents, is favorable. It would be a shame if the shared right of access granted by vote of the Annual Town Meeting in April was revoked. If this happens on June 30, the Town will be the loser.

three recipients of the Mattapoisett Woman's Club Scholarships are: Margaret C. Fistori, Corinne Margot Juneau, and Catherine Marie Lanagan. All are graduates of Old Rochester Regional High School.

Margaret C. Fistori is the daughter of Mr. and Mrs. Paul D. Fistori of 25 Bay Road, Mattapoisett. "Meg" has been Secretary of the National Honor Society during her Junior and Senior years, as well as Secretary of the Eastern Massachusetts Association of National Honor Societies. She has been active in Field Hockey during her last two years, and Captain of the team in her Senior year. Meg played tennis, ran track, and was a cheerleader for basketball. During her Senior year she was Co-Chairman for the Student Council Bloodmobile Drive. Meg will be entering Assumption College in Worcester, Massachusetts, this fall, where she will pursue a business course, as her interests lie in sales and retailing, as well as management. This was her Grandfather's field, and she would like to follow in his footsteps.

Tobey Guild Gift

The gift to Tobey Hospital of a defibrillator, a machine designed to regulate the normal rhythm of the heartbeat by applying electric current to the chest wall, was announced recently by Tobey Guild President, Mrs. Albert Fisher. Dr. Thomas L. Gleason, an internist, received the machine on behalf of the medical staff.

Each year members of the Guild select a gift for the hospital from a priority list established by the administrator. In addition to the defribrillator, the Guild agreed to refurbish and redecorate a patient room.

Mrs. Fisher noted that the necessary funds for these projects were raised from the Tobey Guild's Fall Dance, its Attic Treasures Sale, and the proceeds of the Gift Shop.

CALIFORNIA: STORM STAIN

SOLID COLOR STAINS — Linseed Oil or Urethane Latex

- Rich natural tones blend the color and grain of the wood but do not obscure the texture.
- Maximum hiding power in the water repellant finish.
- · Cover previously stained surfaces.
- One coat for similar colors or two coats for contrasting colors.
- Deep color penetration Helps avoid deterioration of wood.
- Mildew resistant and blister resistant on properly prepared surfaces

SEMI-TRANSPARENT STAINS — Linseed Oil or Urethane Latex

- Natural appearance and texture allows wood to retain its natural beauty without detracting from the bold graining and configurations inherent in wood itself.
- Colors that blend with natural settings and other finishes
- Penetrating finish helps protect against deterioration of wood.
- Weather gracefully without chipping and peeling.
- Performs better than solid color stains on decks, rails and outdoor furniture.
- Water repellant finish fully protects the natural mellowness of wood from the ravages of changing weather patterns.

BLEACHING STAIN — Transparent Oil Stain

- A natural transparent oil rich stain that quickly produces a uniform silvery gray antique appearance when exposed to natural weathering.
- Designed for use on unfinished wood only and is not recommended for use over painted, stained or sealed surfaces.
- Excellent longevity without blistering or peeling. Retains its natural weathered look throughout the years.

Gymnastics - is becoming one of America's newest crazes, rapidly growing in popularity across the country, according to Tom Barker, Youth Director of the New Bedford YMCA. He cites the YMCA, both here and in America as a whole, to prove his

"Many YMCA's have witnessed first hand the surge of interest in gymnastics in the past few years and have responded by either expanding existing programs or launching new ones", Barker said.

As in other parts of the country, the New Bedford YMCA is responding to the growing demand by launching a progressive gymnastics program for youth beginning July 1st.

Barker pointed out that YMCA gymnastics,

Front and Water Streets, will be blocked off to traffic for the occasion.

The Cedardell Festival Orchestra is composed of 32 high-calibre quest musicians from around the country, in residence at SMU this summer for the annual summer music institute and festival, newly-named "Cedardell". Selections for the WHALE pops concert, says Cedardell Director Josef Cobert, will include familiar symphonic and operatic overtures, and, "if we can get a piano down there," the rollicking ragtime tunes of Scott Joplin.

The concert is open to the public. A limited number of tables and chairs will be available, and there is plenty of strolling room for others.

In the event of rain, the concert will be held on Wednesday, July 2, also from 6

"We invite everyone to enjoy a musical evening in our beautiful historic district," says Ann Brengel of WHALE. For more information she may be reached at 997-1776.

What a difference a Bilco Door makes!

Here's the way to add new beauty to your home. Replace that wooden hatchway with a modern, all steel Bilco Door. It's ruggedly built, weather-tight, and so easy for everyone in the family to use! What's more it will make your basement more secure against intrusion. And it will pay for itself many times over by saving repair and replacement costs.

If your home was built without the convenience of a direct basement entrance, ask us for Bilco's new handbook "How to Add Valuable Living Space to Your Home."

Stop in and see our display. We'll give you free literature on how to do it. Or, we can suggest a man to install it for you.

Museum's Museum Outdoors field walk will be on The Saltmarsh and will be held at the Dartmouth Natural Resources Trust's Lloyd Center property on Potomska Road. The walk is scheduled to begin at 10:00 a.m. Anyone interested may meet us there or come to the Museum at 9:45 a.m. to ride with or follow the van down to the Lloyd Center. The ecology of the Marsh and its importance to man will be emphasized. A variety of terrestrial and aquatic plants and animals will be examined and their adaptation to the marsh will be discussed as well as which might be good to eat. Boots or old sneakers are optional.
